APPENDIX A

2019-21 VISION ZERO ACTION PLAN PROGRESS SUMMARY

2019-21 Vision Zero Action Plan Status Summary

Green - met or on track to meet target

Yellow - stable but not on track to meet target

| Red - not on track to meet target |] | | | |
|---|-------------|--------------------|---|--|
| ELIMIN | IATE CDACUE | C DECLII TING IN | CEDIOLIC INTUIDIES AND FATALITIES (ODIECTIVE #1) | |
| | T | 1 | SERIOUS INJURIES AND FATALITIES (OBJECTIVE #1) | Status |
| Action | Timeframe | Partners | Performance Metrics | |
| Implement an asific sountermanagures at high grash locations (node hiles | | | % of intersections addressed on an annual basis Target: 45 | Active deployment of changes in left-turn phasing, LPIs, and |
| Implement specific countermeasures at high crash locations (peds, bikes, | | | intersections with specific mitigation identified for | signing/marking to mitigate crashes. Delivered capital projects |
| vehicles) | Ongoing | Transportation, PD | implementation | and secured funding for future capital projects. |
| | | | W 6 6 | Staff has secured HSIP funding for safety projects. We do need |
| Continue to pursue federal funding for and construct Highway Safety | 0 | T | # of projects funded and completed Target: 3 projects per | to actively keep projects on the shelf for when future HSIP grants |
| Improvement Program projects | Ongoing | Transportation | funding cycle | are solicited. |
| Proactively implement new signal timing practices at identified | | | % of intersections addressed on an annual basis Target: 50 | Staff has been ambitiously implementing changes to left-turn |
| intersections to improve pedestrian, bicyclist, and driver safety (e.g., | | | intersections identified for changes in left turn phasing. 20 | phasing and deploying LPIs. Staff also makes signal timing |
| pedestrian head-start/ leading pedestrian interval (LPI), no right turn on | | | intersections identified for pedestrian head-start/leading | adjustments based on day-to-day operations and other |
| red (to develop standard), and left turn phasing) | Ongoing | Transportation | pedestrian interval (LPI) | highlighted safety concerns. |
| | | | | Staff continues to investigate and deploy industry best practices |
| Always employ proven effective, safe, and innovative intersection and | | | | for intersection and corridor projects, including experimenting |
| corridor designs to improve safety for all modes (e.g., protected bike | | | # of projects funded and constructed featuring innovative | with quick-build solutions. Our Design & Construction Standards |
| lanes/intersections and quick-build solutions) | Ongoing | Transportation | design aspects on an annual basis | update plans align with this goal. |
| | | | | |
| | | | | When COVID-19 hit, most of the city's messaging was related to |
| Continue and enhance pedestrian, bicyclist, and driver safety education | | | | the global pandemic. We paused our primary outreach |
| outreach on types of severe injury crashes through existing and future | | | | campaigns like Heads Up Boulder and Lighten Up Boulder. Staff |
| multimedia campaigns and include topics on dangerous effects of | | | # of people reached through outreach events and social | did social media and press releases: e-scooter, impairement, |
| speeding, impaired, and distracted traveling. | Ongoing | Transportation | media engagement on an annual basis | inclement weather, which wheels go where, on a quarterly basis. |
| | | | | Last update of Design & Construction Standards was completed |
| | | | | in 2020. There is also an ongoing update to the Design & |
| | | | | Construction Standards, which is being completed in phases |
| Update the city's Design and Construction Standards and Pedestrian | | | | pending staff capacity. Pedestrian Crossing Treatment Guidelines |
| Crossing Treatment Guidelines to reflect best practices to improve safety | 2019-2020 | Transportation, PD | Revised standards and guidelines | have not been updated. |
| | | | | Green pavement markings have been deployed along corridors |
| | | | | and other specific locations around town with similar contexts. |
| Proactively install green pavement markings in advance and through | | | | Staff has also deployed green pavement markings more liberally |
| select intersections to improve bicycle safety | Ongoing | Transportation | # of intersections mitigated on an annual basis | as part of projects/programs. |
| | | | | Signing continues to meet city practices. Staff continues to |
| Install signing and markings to mitigate crashes involving bicyclists and | | | # of locations of signing and markings installed along multi- | investigate new practices that are more effective at mitigating |
| pedestrians on multi-use path system | 2019 | Transportation | use path network on an annual basis | crashes with bicyclists/pedestrians on multi-use paths. |
| | | | | |
| | | | | Street maintenance continues to investigate and deploy better |
| | | | | snow/ice removal. A larger discussion needs to take place as |
| Improve routine facility maintenance for all modes, particularly pedestrians | | Transportation, | # of complaints reduced on an annual basis from 2018 | staff is implementing many new bike/ped facilities that will need |
| and bicycles, such as crosswalks and bike lanes | Ongoing | СОММ | baseline | additional resources to maintain, especially during snow events. |
| Require Bicycle Friendly Driver education to drivers of city, county, and Via | | | # of classes provided and # of participants attended on an | Courses are offered, but cannot tell if they are required for |
| fleet vehicles | 2019-2020 | | annual basis | Boulder fleet drivers. |
| | | | | Officers assigned to diversified tasks/duties other than traffic. |
| Identify and enforce specific unsafe travel behaviors at problem locations | Ongoing | Transportation, PD | # of warnings and citations on an annual basis | When officer time is available enforcement occurs. |

| | 1 | | T | |
|---|-------------|---------------------|--|---|
| | | | | Staff delivered the Neighborhood Speed Management Program |
| | | | | for several years before it was paused by Council in Q1 2022. |
| | | | | NSMP was focused on local/residential streets, not arterials. Staff |
| | | | | did get a grant to establish a speed limit/setting framework for |
| Develop and Implement Speed Management Plan/Program to decrease | | | | collectors and arterial roadways, including creating policy about |
| travel speeds on arterial roadways (e.g., Summer Workshop w/FHWA, | | Transportation, PD, | | design speed for capital projects. This effort is planned to begin |
| CDOT, Boulder, Denver, and Fort Collins) | 2019-2021 | VZCP | # of collectors and arterials addressed on an annual basis | in 2023. |
| | 2019 – plan | | # of school zones identified % of school zones modified # of | |
| Replace existing identified signed school zones with school zone flashing | 2020-21 – | | citations and warnings issued in school zones on an annual | Staff has not made progress on this goal, primarily due to staff |
| beacon displays | implement | Transportation, PD | basis | capacity and funding. |
| | | | | Staff continues to deploy the photo radar van at strategic |
| | | | | locations, including actively reviewing new locations. There is |
| | | | # of locations, # of citations on an annual basis Reduction in | legislation that does not allow the van to be placed along high- |
| Strategically deploy photo radar van along high-speed corridors | Ongoing | Transportation, PD | number of speeding vehicles | speed corridors. |
| | | | # of locations identified % of locations implemented on an | |
| Expand the number of red-light camera locations | Ongoing | Transportation, PD | annual basis | Broadway/Pine St, Arapahoe Ave/Foothills Pkwy, 47th St/SH119 |
| Cross-promote "safe ride home" programs with CU Boulder and local | | | | |
| establishments that serve alcohol while implementing policies for ride | | | # of people reached through outreach events and social | |
| hailing services to not block travel lanes (Curbside Management Plan) | Ongoing | Transportation, CU | media engagement | Staff has not made progress on this goal. |
| | | | | Fewer DUI arrests; reports are down. No dedicated DUI officer |
| Increase patrols and enforcement along corridors that experience | | | | (due to low-volume calls). Sentiment that fewer people are |
| impaired related crashes. | 2019 | Transportation, PD | Location and # of issued summons on an annual basis | driving under the influence. |
| PD to dedicate one staff and patrol car to enforcing DUI-related offenses | | | | |
| Thursday through Saturday from 7:00 p.m. – 5:00 a.m. | 2019 | Transportation, PD | Overall # of DUI arrests on an annual basis | See above - include statistics for all three areas. |

| REDUCE OTHER TYPES OF CRASHES (OBJECTIVE #2) | | | | | |
|--|-----------|---------------------|---|--|--|
| Action | Timeframe | Partners | Performance Metrics | Status | |
| Support state legislation to improve travel safety, including the Vulnerable | | | | Staff continues to support legislation that would move our | |
| User Law, lower BAC (DUI) levels, unmanned speed camera installations, | | | | Vision Zero program forward. This includes testifying for the | |
| red-light-camera operations, and propose local "hands free mobile device" | | | | continued use of photo red light cameras and general | |
| ordinance | Ongoing | CAO, CMO | # of state and local ordinance proposed and passed annually | coordination with the city's legislative liason. | |
| | | | | Distracted driving campains (2): writing tickets to people driving | |
| | | | | while texting. This is also documented as part of a crash, | |
| | | Transportation, PD, | | including statistics. Transportation stall also promoted safety | |
| Deliver enforcement campaigns aimed at reducing distracted driving | Ongoing | СОММ | # of citations on an annual basis | messaging via social media. | |
| Implement school safety programs (SRTS) and identify projects and | | | | Lehigh Corridor Improvements are completed. Manhattan | |
| funding to improve walk/bike infrastructure near schools and explore | | Transportation, | # of people reached through outreach events and social | MiddleSschool application to be submitted for '23. Not sure | |
| driver's education requirement for high school students | Ongoing | BVSD | media engagement # of projects funded for construction | about driver's education requirements for HS students. | |
| Review and address school bus stop operations relative to child safety | | Transportation, | | Ongoing efforts and coordination with staff, community | |
| with BVSD | Ongoing | BVSD | # of modifications performed on an annual basis | members, and BVSD. | |
| Provide travel safety education to 18- to 24-year-olds in conjunction with | | Transportation, | # of people reached through outreach events and social | | |
| CU Boulder | Ongoing | COMM, CU | media engagement on an annual basis | Shared micromobility program with CU Boulder. | |
| Work with Senior Centers/housing developments and children of aging | | Transportation, | # of people reached through outreach events and social | | |
| adults to provide senior travel safety education | Ongoing | VZCP | media engagement on an annual basis | Staff has not made progress on this goal. | |
| | | | | Per Boulder website, Neighborhood Speed Management | |
| Continue implementation of Neighborhood Speed Management Program, | | Transportation, PD, | # of streets graduated from NSMP Reduced # of speeding | Program is paused. 20 mph residential street speed limit was | |
| including a potential reduction of vehicle speeds to 20 mph | Ongoing | СОММ, | vehicles | implemented. | |
| Examine, refine, and implement right-turn bypass signing and marking | | | | Ongoing effort. Recently worked with CDOT to update signing in | |
| standards | 2020 | Transportation | # of bypass intersections modified in 2020-21 | their jurisdiction. | |

| | | | | Item is vague - motorcycle travel is enforced just the same as |
|---|---------|-----------------|--|---|
| | | | | motor vehicles, rules of the road, etc. Reinforcing to drivers that |
| | | | | motorcycles are hard to see (intended focus of campaign). |
| | | Transportation, | # of people reached through outreach events and social | Transportation reused CDOT's safety information and |
| Provide education and enforcement campaign related to motorcycle travel | Ongoing | COMM, PD | media engagement | motorcyclists via social media. |
| Provide education regarding other types of crashes and avoidance | | | | Created short videos that we have been messaging about top |
| techniques for all modes, including vehicular cycling techniques (e.g., | | Transportation, | # of people reached through outreach events and social | types of crashes. They live on the city's Vision Zero website and |
| taking the lane) | Ongoing | СОММ | media engagement | are share periodically via social media. |

| IMPROVE TRAVEL COMFORT AND SECURITY (OBJECTIVE #3) | | | | | | |
|--|-----------|---------------------|--|--|--|--|
| Action | Timeframe | Partners | Performance Metrics | Status | | |
| | | | | Table Mesa, Lehigh, Pine, Folsom, 17th, Neighborhood | | |
| | | | | GreenStreets, and CAN. Implemented 20 is Plenty in 2020. Vision | | |
| Implement Low-Stress Walk and Bike Network Plan, including a potential | | | | Zero Innovations Program focused on quick-build and low-cost | | |
| reduction of 20 mph vehicle speeds on Neighborhood GreenStreets while | | | # of corridors/miles Low-Stress Routes installed on an | safety improvements. In Q1/2022, Council directed staff to pause | | |
| utilizing innovative, quick-build techniques to achieve lower traffic stress | | | annual basis (e.g., protected bike lanes, buffered bike lanes, | the implementation of GreenStreets to focus on the Core Arterial | | |
| levels | Ongoing | Transportation | and neighborhood greenways) | Network. | | |
| Implement longer pedestrian crossing count-down times at select | | | | | | |
| intersections identified as high-stress by community members | Ongoing | Transportation | # of intersections reviewed and modified on an annual basis | Staff has not made progress on this goal. | | |
| Assist community members with route planning guidance to access and | | Transportation, | # of engaged community members through one-on-one | Staff is always a resource, but have generally relied on | | |
| navigate Boulder's existing low-stress network | Ongoing | VZCP | contact, special events and website visits | Community Cycles who have a great program for this. | | |
| | | | | There are walk to school, bike to school, and bike week activities | | |
| Develop and implement cycling and walking groups to encourage children | | Transportation, | | planned for the 2022-2023 school year; cannot tell if specific | | |
| to walk and/or bike to school | 2019 | BVSD | # of organized groups | groups have been formed. | | |
| | | | | Iterate for each underpass, expanded the lighting to the | | |
| | | | | approaches. Pedestrian scale lighting at the approaches. Fairly | | |
| | | | | controversial, occupation by people experiencing homelessness. | | |
| | | | | There continues to be be feedback about additional pedestrian | | |
| Develop and implement a plan for multiuse path lighting at underpasses | | Transportation, | | scale lighting along paths, similar to Boulder Creek at Eben G | | |
| and key intersections | Ongoing | VZCP | # of maintained underpasses on an annual basis | Fine. | | |
| | | | | Shared Path Boulder patrols have waned down in the last year. | | |
| Conduct path patrols on bicycle by PD and stewards of Shared Paths | | Transportation, PD, | | Officer presence on paths only if the Police Department is called | | |
| Boulder | Ongoing | VZCP | # of path stewards and patrols on an annual basis | to a safety issue. No routine patrols. | | |

| ENHANCE AWARENESS OF AND COMMUNITY ENGAGEMENT WITH VISION ZERO (OBJECTIVE #4) | | | | | |
|---|---------------|-----------------|--|--|--|
| Action | Timeframe | Partners | Performance Metrics | Status | |
| Bolster social media engagement with proactive information on travel | | | | | |
| safety and recent actions; and respond in a timely manner to concerned | | Transportation, | | Staff continues to respond to community members' concerns. | |
| community members | 2019 | COMM, TAB | # of posts, responses, and impressions on an annual basis | We have not bolstered our socal media accounts. | |
| | | | | Originally this was going to be done as part of the 20 is Plenty | |
| | | | | project, as "Vision Zero" is on each sign. City Council gave | |
| Conduct before and after questionnaire of community understanding and | 2019 - | Transportation, | | direction to implement only, even though the overall consensus | |
| awareness of Vision Zero | baseline data | СОММ | Questionnaire released, # of respondents + results | was Vision Zero Awareness. | |
| | | | | Outside of work that is being done by our Comms team (Racial | |
| Research, develop, implement, and evaluate new, effective methods to | | Transportation, | | Equity Framework), not aware of any specifc efforts on | |
| reach target audiences (e.g., surveys, focus groups, testimonials) | 2019-2020 | COMM, CU | Results from focus groups and other research methods | Transportation's front. | |
| | | | | 20 mph speed limit signs reference Vision Zero. Did not do any | |
| Install signing highlighting Vision Zero logo at site of capital improvement | | | | specific messaging. CU Boulder has done messaging using VMS | |
| projects | Ongoing | Transportation | # of project locations that include reference to Vision Zero | on Regent Drive on campus. | |

| Expand Vision Zero Community Partnership and encourage district | | | | Recently, Boulder County has been facilitating the community |
|--|-----------|---------------------|--|--|
| attorney participation to explore diversion programs and higher fines | | Transportation, PD, | # of members/participation on an annual basis # of and type | partnership meetings with involvement from county |
| associated with careless driving infractions | 2019 | DA, BC | of new safety initiatives involving stakeholders | stakeholders. |
| | | | | Staff continues to contribute to the sharing of ideas/approaches |
| | | | | with other communities. There was a large interest in the 20 is |
| Continue participation and contribution in the national Vision Zero Cities | | | Contribute to best practices research and participate | Plenty project, Vision Zero Innovations program, and our Core |
| Network and share new ideas and approaches with community leaders | Ongoing | Transportation | regularly in webinars | Arterial Network Plan. |
| Encourage and support leaders of nearby communities, Boulder County, | | | | |
| and the Denver Regional Council of Governments to adopt Vision Zero | | Transportation, | # of additional municipalities, plus Boulder County to adopt | No active support, but supporting regional Vision Zero |
| plans | Ongoing | TAB, CC | Vision Zero | messaging and programs. |
| | | Transportation, | | Complete - held in 2021 at CDOT with state and regional |
| Host a regional/Front Range Vision Zero Summit | 2020-2021 | COMM, VZCP, TAB | Held in 2021 | partners. |
| Explore an increase in transportation funding for Vision Zero | | Transportation, | Annual amount dedicated to | |
| administration, projects, and programs through TMP update | Ongoing | CMO, TAB, CC | administration/projects/programs | Staff has not made progress on this goal. |
| Pursue additional resources through grants and partnerships to develop | | Transportation, | # of grants and additional \$ amounts secured on an annual | Staff has been successful at securing grants in support of our |
| and fund new projects and programs | Ongoing | СОММ | basis | Vision Zero program. |
| Develop cost-sharing opportunities with community partners, such as CU | | | | |
| Boulder and Boulder County, to improve travel safety through projects | | Transportation, BC, | # of \$'s contributed by community partners on an annual | Regional and local projects with stakeholders. Partnered with |
| and programs. | Ongoing | BVSD, CU, VZCP | basis | Google to provide safety messaging at CU games. |

| IMPROVE DATA AND BE TRANSPARENT (OBJECTIVE #5) | | | | | | |
|--|-----------|---------------------|---|--|--|--|
| Action | Timeframe | Partners | Performance Metrics | Status | | |
| | | | | Majority of crash data has been cleaned. Need to clean crashes | | |
| Continue to refine and improve accuracy in crash documentation | Ongoing | Transportation, PD | Refined crash data | annually instead of every three years. | | |
| Cross-reference police crash data with area hospital and first responder | | Transportation, PD, | | | | |
| data to check for discrepancies | Ongoing | BC, VZCP | # of discrepancies discovered on an annual basis | Staff has not made progress on this goal. | | |
| Track Vision Zero Action Plan implementation and post quarterly updates | | Transportation, IT, | Quarterly updates performed to Boulder Measures | | | |
| to Boulder Measures Dashboard | Ongoing | TAB, CC, VZCP | Dashboard | Staff has not made progress on this goal. | | |
| | | | | Staff gave quarterly updates which turned into periodic updates. | | |
| | | | | There is a give/take with spending time reporting what staff | | |
| | | | | completed vs. implementing Vision Zero work. There is an | | |
| | | | | opportunity to better track in real time the Vision Zero work that | | |
| Provide quarterly progress reports to Vision Zero Community Partnership, | | Transportation, | Quarterly updates provided and Transportation Report on | staff is completing. This could easily tie into a Vision Zero | | |
| TAB, City Council | Ongoing | TAB, CC, VZCP | Progress (2020) | dashboard. | | |
| | | | | Staff has conducted before/after studies for some projects. Crash | | |
| Conduct evaluation studies to measure effectiveness of VZ treatments and | | | Specific performance measures determined on a per project | summaries in the Safe Streets Report are tracking systemic safety | | |
| capital improvement projects | Ongoing | Transportation | basis | improvements like green conflict markings. | | |
