

LIME ACCESS

Affordable. Available. Accessible.

Lime Access is our global equity program that provides discounted rides to eligible residents. Qualifying for discounted rides is simple. Apply online at www.li.me/community-impact with the following information:

Full Name

Lime requires all riders to share their full name.

Phone Number

This number should be for the phone you plan to use for Lime.

Government ID

Valid government-issued photo ID such as a driver's license.

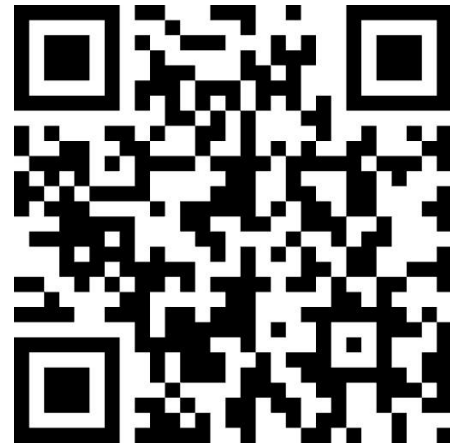

Proof of Enrollment

...in a local, state, or federally-run assistance program such as EBT card, discounted utility bill, or discounted transit fare.

Once enrolled, Lime Access riders in Boulder will receive rides at a discount.

LIME ASSIST

Mobility. Safety. For All.

Lime Assist is a first-of-its-kind program aimed at extending access to shared electric vehicles to persons with diverse abilities. Our Lime Assist vehicle is designed to meet a wide spectrum of abilities and are available to riders at no cost. Riders can access Lime Assist through our app or website, where they then select a vehicle and drop-off time. Lime then delivers the vehicle to a rider's door and picks it up 24 hours later when they are finished using it.

To ensure our programs are meeting the needs of those we aim to serve, Lime routinely seeks feedback and input from disability rights organizations and accessibility organizations because we know nothing about us, without us.

"With Lime Assist, I can ride scooters while sitting down. It's a great program that helps me feel more independent!"

- Wade K., San Francisco
