

MARIJUANA LICENSE APPLICATIONS AND PREMISE INSPECTIONS WORKFLOW FOR MEDICAL MARIJUANA BUSINESS (MMB) AND FOR RECREATIONAL MARIJUANA BUSINESS (RMB) CITY LICENSES

- STEP 1: Applicant files a legally complete MMB or RMB city application**, including all requirements on the Checklist of Required Document form, all necessary Attachments A to J, and all required city fees during a pre-scheduled and in-person filing meeting. City licensing then will: i) take Attachment I (city business license for sales and use tax form, zoning confirmation form, and \$25 business license fee) to provide it to sales tax area staff for entry and routing for zoning review, ii) scan in MMB or RMB city application and attachments into city staff team review folder, and iii) send email notice to city MJ licensing staff team and cc state MED personnel that city has received a city MMB or RMB application.
- STEP 2: CABS sends digital prints to CBI for FBI results:** At the time that City licensing received the legally complete city MMB or RMB application, all attachments, and required fees, the digital prints should be sent by the vendor. City licensing then will: note date that the print cards were sent to CBI on spreadsheet and deposit background check fee.
- STEP 3: Zoning approval for proposed premise location is received:** Once zoning approval form is received back by sales tax area in conjunction with business license routing, the original of the approved zoning confirmation form will be provided to city licensing and a copy of same will be retained by sales tax area. If the zoning confirmation is denied, city licensing will return city application, all attachments, and city fees, except for the city fees for the business license and the background checks. If zoning form is approved: City licensing will then: i) time/date stamp the approved zoning confirmation form, ii) provide the stamped zoning form to the applicant and retain a copy of same, and iii) deposit both the application fee and the license fee for the application. If the further work by the applicant in STEPS 4 to 10 does not result in an approved city license, the application fee will be retained but the license fee will be refunded.

*Please note: if the CBI and FBI for background checks have not yet been received back and approved, then it is at the option of the applicant at their own business risk if applicant proceeds immediately to STEP 4, Building Permit submission, or if they instead wait until STEP 5, City Licensing approval of CBI and FBI results, is completed.
- STEP 4: Time/date stamped and approved zoning form submitted with building permits:** Once city zoning location approval has been obtained for the proposed location is received, then the applicant may apply for building permits with the city's Planning and Development Services area but not before.
- STEP 5: CBI and FBI results received and approved:** Once both the CBI and FBI results are received back by City licensing, they will be reviewed in conjunction with all disclosures on background check forms, court documents, and all evidence of rehabilitation submitted by the applicant. If there are no offenses either discovered or disclosed, city licensing staff will note the approval in the licensing database and update the spreadsheet. If there are results, the licensing manager will review all materials for final determination on approval or denial of the background checks.
- STEP 6: Letter of Completion received to request licensing premise inspection:** Build out of Boulder MJ locations is complex. Once the premises build out is complete and building permits are properly closed out, a letter of completion can be requested from the Planning department by the applicant and it may be emailed to city licensing. Depending on city licensing's discretion, they may also schedule an inspection when construction is observed to be almost complete by building inspectors and then applicant should follow up with a copy of the letter of completion. City licensing will then: schedule a premise inspection with MJ city staff licensing team, including PD, Fire, Code Inspection, and Licensing.

- **STEP 7: City staff team premise inspection:** Premise inspection is completed with city MJ licensing inspection team. Once the city staff team inspects, there will be corrections that the applicant must make to the ventilation plan for odor mitigation for Code, the security measurements for PD, or sprinkler or ingress/egress for Fire, among other variable items.
- **STEP 8: Licensing inspection corrections completed:** Once the applicant has worked with PD, Fire, and Code to make the premise inspection corrections, each inspecting department will provide written approval to the applicant and they will cc city licensing. Applicant must also update both the general diagram and the security diagram; including changes made during construction and during inspections and provide those diagrams to city licensing to update their application file. City licensing then will: be on the lookout to receive a copy of state MED license.
- **STEP 9: State MED license issued and received:** City licensing receives copy of state license and matches state's expiration date. In matching the state's expiration date, city licensing will issue a refund for the license fee only or add more fees to the renewal cost if the resulting city license is valid for less or more than a 12 month period. City licensing then is ready to issue the MMB or RMB city license. Applicant may have already received the city business license for sales and use tax but the MMB or RMB regulatory license is also required for lawful operations.
- **STEP 10: City MMB or RMB license issuance:** City licensing will then meet with the applicant to issue the city license. License fee refund or additional fee will be reviewed in matching the state's expiration date. Zoning, PD, Fire, and Code approvals will have been received. State license will have been received. Background checks will have been received and city approved. Application documents, including all diagrams will have been received, updated, and reviewed at the license issuance meeting.

Frequently asked Questions:

- I. Can the state's background check approval be used for city review and approval? The state MED cannot send actual CBI or FBI results to the city due to confidentiality. Also, the City of Boulder has more strict standards for background check review than the state MED does so the state's results or key card status are not sufficient.
- II. How long does it take? Every applicant's scenario is different so this is a difficult question to answer. City licensing has seen applications take between 6 weeks to 1 ½ years from filing date to license issuance, depending on the amount of time that it takes for the city to receive FBI results, for the applicant to receive building permits, and for the applicant to complete construction and corrections, which are all highly variable.
- III. How much does it cost? Again, every applicant's scenario is different. City licensing suggests that it is a good idea to talk to an experienced General Contractor who has previously built out Grow, MIP, wellness center, or dispensary locations in the City of Boulder and who is familiar with our local laws and requirements to address this question.
- IV. What is the soonest I can operate? Please remember that applicants cannot have MJ product on-site or begin to grow plants until the applicant has both the city and the state license in hand. If Marijuana is observed at the location before final approval, the application will be denied, no matter how far along the applicant is in the process. If the proposed location has been an MJ location before, the applicant may be further along on the road to city compliance but they must still complete all inspections, necessary permits, and license issuance procedures.

Liquor and Marijuana Licensing Fingerprinting

The City of Boulder Licensing Division has changed their fingerprinting procedures in response to Senate Bill 17-189.

The Colorado Bureau of Investigations (CBI) has implemented a new process beginning September 24, 2018: Colorado Applicant Background Services (CABS).

To use this service, you will need to go online to one of the state approved vendors to register, schedule your appointment, and pay for your own fingerprinting.

These vendors are selected and trained specifically by the CBI and will be the only locations where civil fingerprinting services will now be available.

The vendor services will be located throughout the state, which is intended to increase applicants' ability to obtain fingerprints in a timely manner. Fingerprints will be submitted electronically, which will allow results to take only hours for processing instead of days or weeks.

In order to receive your City of Boulder specific code to register/schedule with CABS, you must first book your application intake appointment with city licensing staff by calling 303-441-4192.

Once confirmed, we will email you your unique code for the CABS vendor.

Please make sure you retain your receipt or confirmation of fingerprinting as this will replace the print card proof you will need to submit with your city application at your appointment.

The City of Boulder has chosen the following CABS vendor:

IDEMIA - IdentoGO
<https://www.idemia.com>

Please direct further questions about registration, services, and locations to your CABS vendor.

COLORADO
Bureau of Investigation
Department of Public Safety

Identification Unit
690 Kipling Street, Suite 3000
Denver, CO 80215
303-239-4208

NOTICE TO APPLICANTS

As an applicant for a position requiring fingerprints to be submitted to the Colorado Bureau of Investigation (“CBI”) and the Federal Bureau of Investigation (“FBI”), your fingerprints will be submitted to these agencies to check state and FBI records.

Discrepancies on your Colorado record can be challenged and corrected by contacting the Colorado Bureau of Investigation at 690 Kipling St., Suite 3000, Denver, CO 80215, or by calling the Identification Unit at (303) 239-4208. Additional information is available from CBI's website at www.colorado.gov/cbi.

Discrepancies on records from the FBI or relating to another state can be challenged through the FBI. Information, including that listed below, can be found at their website at www.fbi.gov.

The U.S. Department of Justice Order 556-73 establishes rules and regulations for the subject of an FBI Identification Record to obtain a copy of his or her own record for review. The FBI's Criminal Justice Information Services (“CJIS”) Division processes these requests.

Who May Request a Copy of a Record? (or proof that a record does not exist)
Only you can request a copy of your own Identification Record.

How to Request a Copy of Your Record?

The FBI offers two methods for requesting your FBI Identification Record or proof that a record does not exist:

Option 1: Submit your request directly to the FBI.

Option 2: Submit your request to an FBI-approved Channeler, which is a private business that has contracted with the FBI to receive the fingerprint submission and relevant data, collect the associated fee(s), electronically forward the fingerprint submission with the necessary information to the FBICJIS Division for a national criminal history record check, and receive the electronic record check result for dissemination to the individual. Contact each Channeler for processing times.

AGENCY INSTRUCTIONS: To comply with federal law, provide a copy of this document to each applicant fingerprinted.

CITY OF BOULDER BACKGROUND CHECK FORM AND FINANCIAL INTEREST RECORD FOR MEDICAL MARIJUANA BUSINESS (MMB) OR RECREATIONAL MARIJUANA BUSINESS (RMB)

The Applicant must provide an Individual History Record for ALL OWNERS, OFFICERS, DIRECTORS, PARTNERS, MANAGING MEMBERS, CITY KEYHOLDERS, FINANCIERS, PRIMARY CAREGIVERS, ALL NAMED PERSONS, & ALL AGENTS who manage, advise, or are paid more than \$1,000 a year by the applicant. Each of these individuals, MUST ALSO BE FINGERPRINTED, MUST PROVIDE AN INDIVIDUAL HISTORY RECORD FORM WITH COPY OF ID, and any other documentation permitted by Chapter 6-14 or Chapter 6-16, B.R.C. evidencing good moral character. Please submit court documents with final dispositions or evidence of rehabilitation if necessary.

NOTICE: This individual history record provides basic information which is necessary for the licensing authority investigation. All questions must be answered in their entirety or your application may be delayed or not processed. EVERY answer you give will be checked for its truthfulness. A deliberate falsehood or omission will jeopardize the application as such falsehood within itself constitutes evidence regarding the character of the applicant.

City of Boulder Climate Initiatives

To: New and Renewing Licensed Cannabis Cultivation Facility Owners
From: The City of Boulder Climate Initiatives Department
Re: License Requirements for Energy Reporting and Electricity Offsets

As part of the City of Boulder cannabis cultivation licensing requirements, two aspects are overseen by the city's [Climate Initiatives Department \(CID\)](#). The two ordinance requirements explained in this memo and overseen by CID were approved and enacted by City Council due to the city's aggressive [Climate Action Plan](#) goals and targets that are intended to curb and adapt to the global climate emergency.

All licensed cultivation facilities must:

- (1) Report monthly electricity use in the city's designated online database, and
- (2) Offset the electricity used in the facility from the city's approved offset list.
Note: These two requirements are just part of the City of Boulder licensing protocols for cannabis cultivation facilities' overall annual compliance.
- (3) Ensure emails from EIOF@bouldercolorado.gov can be received.

The instructions and obligations for complying with the requirements are outlined below, and here: [Energy Requirements for Marijuana Grows | City of Boulder \(bouldercolorado.gov\)](#)

Energy Reporting

1. ***What energy needs to be tracked?***

Medical and recreational cannabis cultivation facilities are required to track the monthly electricity use in kilowatt-hours (kWhs). This information is retrieved from the utility billing statements (Xcel Energy monthly bills) or from the property management company's monthly Common Area Maintenance (CAM) charges.

2. ***Where do you track the monthly kWh use?***

The city requires all licensed cultivation facilities to maintain an ENERGY STAR Portfolio Manager (ESPM) account, which is where the monthly kWhs are tracked. ESPM is a free online database supported by the Environmental Protection Agency (EPA). This database tool was developed for commercial property owners and businesses that want to track their resource use, such as energy and water, renewable energy, waste reduction, etc.

3. ***What if I'm buying an existing cultivation license and that owner already has an ESPM account?***

The new business will register and set up a new ESPM account under the new name and contacts. Then the current owner, once fully compliant with all offset obligations paid to date, will transfer the facility's historical energy use into the new owner's ESPM account. Please see [specific instructions on how to transfer](#) an existing ESPM account to the new business taking over the cultivation facility.

Selecting Electricity Offsets

1. ***I'm a new cultivation facility owner, how do I select electricity offsets?***

The city has a list of approved offsets, and only those qualify as compliant offsets for this requirement. As a new owner, please fill out the electronic form that states your businesses' name, address and other information, including how you will comply with the offset requirement. The electronic form for selecting offsets is [here](#).

City of Boulder Climate Initiatives

2. *I selected my offsets by submitting the electronic form, now what do I do?*

Submittal of the form informs CID staff that you are a new owner on record, and you've selected how you will be compliant with the offset requirement. Due to the supply and demand of other offsets, the city's Energy Impact Offset Fund (EIOF) is the easiest option. Whether you are paying into the city's EIOF or are subscribed to another offset program, you are responsible for data entry of monthly kWh use in ESPM. This monthly kWh use is how the city calculates your offset fee on a bi-annual basis.

The offset fee obligation is calculated in arrears. A facility must use the electricity, track it, input it into ESPM monthly, then the city will access that information from the database and calculate the fee twice per year. The CID issues offset invoices in January and July each year for the previous year's offsets. If the license was transferred, the previous owner pays the offset obligations through the date they left the premises. You will pay offsets starting from the date you first occupy the facility onward.

3. *How much is the city's offset fee?*

City Council originally adopted a higher fee that has since been reduced to \$0.0207 per kWh. As the EIOF revenue is used to fund renewable energy projects, the fee will continue to be reduced. Electricity used in January 2022 forward will be further reduced to \$0.0185 per kWh.

The goal of the fund is to assist in putting more renewable energy projects on the ground locally, which in turn puts more renewable energy into the energy grid mix.

4. *Once I receive an Electricity Offset invoice, how do I pay it?*

CID staff will email your invoice to at least two contacts at your facility. Once received, you have 30 days to pay the invoice. You can pay it in multiple ways, shown on the bottom of the invoice and also on the [website](#).

5. *What if I can't pay the invoice within the 30-day term requirement?*

To show compliance with this ordinance requirement, you must pay down the bill monthly and have it paid off before your annual license renewal and/or the next electricity offset invoice is issued.

6. *How do I reduce my fee obligation?*

The best way to reduce the amount of offset fee you pay is to make your grow operation as efficient as possible. Lighting is the biggest consumer of electricity in grow facilities and installing more efficient lighting would therefore reduce your electricity use. If you reduce your electricity use, you'll reduce the fee, which is based on the amount of kWhs used monthly. To learn more about reducing your facilities' energy use and how to receive rebates and EIOF credits for implementing energy efficiency upgrades complete [this interest form](#).

For questions regarding energy reporting and/or electricity offset fees and invoices, contact the CID at EIOF@bouldercolorado.gov.

For help with payments, contact the city's Finance Department at AR-CSS@bouldercolorado.gov.

Thank you.

City of Boulder Public Works

Dear Industry Representative,

The City of Boulder maintains an Industrial Pretreatment Program, as required by the U.S. Environmental Protection Agency (EPA). The Pretreatment Program's objective is to protect the wastewater collection system, wastewater treatment plant, and system workers by monitoring the waste streams entering the sanitary sewer. City staff routinely gather information on businesses in order to characterize the waste streams that might adversely affect wastewater operations (Boulder Revised Code 11-3-14).

Please complete and return the attached questionnaire within 10 business days of receipt of this letter. City staff will review the questionnaire to identify and characterize process wastewater discharges from your facility. After reviewing the completed questionnaire, a follow-up site inspection may be required.

If you have questions on the information requested, please contact me at ericksonc@bouldercolorado.gov or 303-413-7360.

Sincerely,

A handwritten signature in cursive script, appearing to read "Caroline Erickson".

Please note: In addition to the requirements outlined below, locations for new marijuana licenses must also comply with Use Table 6-1 in B.R.C. Section 9-6-1.

6-14-7. Locations of Medical Marijuana Businesses.

- (a) Fixed Location Required. It shall be unlawful to operate a medical marijuana business or to grow medical marijuana outside of an enclosed building. All medical marijuana business licenses shall be issued for a specific fixed location within an enclosed building. The portion of such premises upon which the floor plan shows medical marijuana may be produced, dispensed, or possessed shall be considered the "restricted area" portion of the business premises.
- (b) Location - Permitted Use in Zoning District. A medical marijuana business license may be issued only if the business qualifies as a use permitted as a matter of right in the zone district where it is proposed to be located as follows:
 - (1) As "personal services" for a medical marijuana center;
 - (2) As "greenhouse/nursery" for a cultivation facility; or
 - (3) As "manufacturing \leq 15,000 square feet" for a cultivation facility, for a medical marijuana-infused product manufacturer, or for a marijuana testing facility.
- (c) No Medical Marijuana Business in Building with Residences or Residential Zone Districts. It shall be unlawful to operate a medical marijuana business in a building which contains a residence, or within a dwelling unit within any zone district, or within a residential zone district, or within a mixed-use development that includes a residence. This restriction shall not apply to a medical marijuana wellness center that had submitted an application or held a license from the city on October 22, 2013.
- (d) No Retail Sales in Cultivation Facilities or Manufacturing. It shall be unlawful for any person to permit retail sales within a medical marijuana business that is a cultivation facility or medical marijuana-infused product manufacturer.
- (e) Distribution by Primary Caregiver. It shall be unlawful for any person to distribute medical marijuana to a patient except (1) directly to a patient upon the restricted area, or (2) via personal delivery of the medical marijuana by the primary caregiver to the patient at the patient's residence as provided in this chapter.
- (f) Separation from Schools, Day Care Centers, Addiction Recovery Facilities, or Other Medical Marijuana Uses:
 - (1) No medical marijuana wellness center license shall be issued for a location within one thousand feet of any elementary, vocational, or secondary school, or a public or private college, junior college, or university, or a state-licensed day care center, or an addiction recovery facility. This restriction shall not apply to a medical marijuana wellness center that had submitted an application or held a license from the city on October 22, 2013.
 - (2) Reserved.
 - (3) No medical marijuana business license shall be issued for a location within five hundred feet of three other cannabis businesses. This limitation shall not apply to a medical marijuana cultivation facility in industrial zones that had submitted an application or been licensed by the city on October 22, 2013.
 - (A) Distances shall be measured by the city on official maps as the radius from the closest points on the perimeter of the applicant's property to the closest point of the property of any other medical marijuana business.

-
- (B) To determine the proximity to other medical marijuana businesses and the priority of applications, businesses shall have priority in the following order:
- (i) Businesses that are open and operating;
 - (ii) Businesses whose applications have been approved;
 - (iii) Applications for medical marijuana business licenses that have been submitted by the applicant and declared complete by the city; and
 - (iv) No other applications shall be considered "businesses" for this determination.
- (4) For purposes of this paragraph, *school, college, or university* shall include properties owned by such entities only if they are used to provide services, teaching facilities, or living facilities to students. No distance is required between a marijuana business and properties owned by a *school, college, or university* that are not used to provide teaching facilities, living facilities, or services to students.
- (g) Limitations on Dual Licenses. A medical marijuana business license may not be issued for any location which also is a part of the restricted area of a business holding a beverages license pursuant to Section 4-2-3, "Authority to Issue City Licenses," B.R.C. 1981, or a medical marijuana business license under this chapter.
- (h) Limitations on Medical Marijuana Centers. The following shall be the minimum requirements for a medical marijuana center:
- (1) The area of the business is three thousand square feet or less;
 - (2) The business does not distribute medical marijuana only, but provides other caregiver services consistent with a wellness center, including, but not limited to, health treatments or therapy generally not performed by a medical doctor or physician, such as physical therapy, massage, acupuncture, aromatherapy, yoga, audiology, or homeopathy, or knowledgeable consultation on the effects of amount and forms of ingestion of different types of marijuana for medical use;
 - (3) The business includes a secured and locked medical marijuana dispensary room, one or more private rooms for consultation on the medical use of marijuana or other services, and a separate reception area for screening of patients and waiting for nonpatients.
 - (4) All caregiver services provided to meet the requirements of this section must comply with all applicable requirements of any federal, state, or local entity with jurisdiction applicable to the service provided.
- (i) Limitations at Street Level. No marijuana business license shall be issued for a medical marijuana center at a location on the street level of the mall or the University Hill commercial area.

Ordinance Nos. 7716 (2010); 7780 (2011); 7814 (2011); 7877 (2012); 7929 (2013); 7970 (2014); 8157 (2016); 8393 (2020)
