Guide to Down Payment Assistance Programs

Solution Grant
Eligible buyers receive funds from the city to cover down payment and closing costs to purchase a permanently affordable home from the city’s Homeworks program. Up to 5% of the home’s value may be available. Funds are not available to help buyers achieve more than 5% down. Buyer funds (including gifts, assets, and other grants) will be applied first, and then any remaining closing cost gap will determine the amount granted.

Funds will not be committed until a lender provides final versions of the Closing Disclosure and loan application (form 1003), and title commitment. An eligibility letter can be issued, but an amount will not be committed until the above required documents have been submitted to the city by the lender. The grant is not technically paid back, though the city will reduce the future maximum resale price of the home by the grant amount for the purposes of calculating appreciation and maintaining affordability.

H20 Loan
The shared appreciation loan program provides a second loan for up to $100,000 on market rate homes purchased in the city of Boulder. In support of the primary loan, this additional loan is intended to help buyers with limited assets close on a home in Boulder. No payments are made on the loan for 15 years unless the home is sold, or title is transferred. When the loan matures the full original amount is due along with a share of the appreciation. This loan can be used on market rate homes. It is not designed to be used with the city’s permanently affordable program.

MetroDPA Loan/Grant
The MetroDPA Program is administered by the City and County of Denver, and the city of Boulder is a participating jurisdiction. Lenders that have completed the required training are eligible to participate. MetroDPA makes available a loan for up to 5% of the primary loan’s value. After three years of primary loan payments the MetroDPA loan is forgiven.

MetroDPA can be used in conjunction with the Solution Grant but not the H20 Loan since H20 does not permit FHA or VA products. MetroDPA Program funds will be applied before determining the City’s grant or loan amount. Please note that it is the lender’s responsibility to certify the applicant eligibility for this grant, reserve funds, and meet the reporting requirements.
