

Notice of Property Availability

The Open Space and Mountain Parks (OSMP) Seigle property is available for agricultural uses. The 47-acre Seigle property is located north of Diagonal Highway and east of 55th St. The Seigle property is irrigated via the Boulder White Rock Ditch.

OSMP agricultural staff will be seeking competitive sealed proposals to identify the most qualified agricultural operation to steward the Seigle property. The Invitation for Proposals stating property management objectives and evaluation criteria will be published in early 2021. OSMP intends to lease the Seigle property to the most qualified proposer. All competitive sealed proposals will be evaluated using OSMP's Agricultural Land Use Assignment Guidelines. These guidelines can be found at <https://bouldercolorado.gov/osmp/ag-leasing> or by contacting Open Space and Mountain Parks staff at OSMPAgLeasing@bouldercolorado.gov.
