

**HOP Ridership Tracking - Covid-19 Impacts
2021 report**

CONTEXT DISCUSSION:

Below is the September 2021 monthly update specific to HOP ridership trends during Covid-19. Cells highlighted in yellow include subtotals and calculations specific to the Covid-19 time period (March 2020 – September 2021); 2019 numbers are highlighted in orange and considered baseline for Pre-Covid time period comparisons. Summary points include the following:

- 1.) In September 2021, HOP ridership totaled 35,218 and averaged 1,174 passengers/day.
- 2.) September 2021 ridership was approximately 46% of September 2019 ridership (pre-Covid Baseline). Yet, September 2021 ridership was approximately 84% greater than September 2020 ridership.
- 3.) HOP has been operating with a reduced service schedule typical of standard weekend service coordinated with RTD's Covid-19 service plan effective April 19, 2020.
For the HOP, this includes an approximate 25% reduction in service hours.
