

Designated Flight Zones

- The model aircraft flyers using Chandler Field are required to stay within the **green** and **yellow** flight zone on the closure map.
 - Aircrafts are restricted to flying higher than 75' unless taking-off and landing (**green** area).
 - During take-off and landing approach only, aircraft are permitted to use airspace north of the standard flight zone above 150' (**yellow** area).
- Runways are open for use and foot traffic is restricted to permitted areas (**pink** and **brown** areas).
- Hours of operation are 9:30am until 7:30pm or sunset, whichever is earlier.
- Downed aircraft retrieval outside permitted areas is allowed only by city staff or trained Boulder Aeromodeling Society members.

- Model Airport Use Area
- Non-motorized and Helicopter Launch Area (pedestrian access allowed)
- Flight Zone, Above 75 ft
- Take-off and Landing Approach Only, Above 150 ft
- Wildlife Closure Area (No Public Access; Restricted Model Airport Activity)
