This report provides information and analysis related to 2022 unaudited taxes and fees including sales and use tax, accommodations tax, admissions tax, disposable bag fee, electronic smoking device tax, food service tax, marijuana tax, short-term rental tax, sugar sweetened beverage tax, and the trash tax. The revenue reported below was received by the city through June 30, 2022 and is largely attributed to economic activity through the month of May2022. Details by industry, geographic zone and month are found on pages 3 through 7 of this report.

Note: Electronic Smoking Device Tax collections began in July 2020. Rolling 12-month comparison is not available until July 2022.

Revenue Trends and Changes

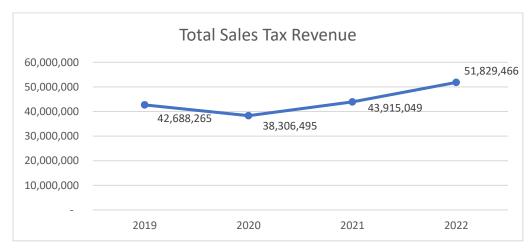

Overview

Year to date (YTD) sales and use tax based upon current economic activity increased from YTD May 2021 by \$8,015,434 or 14.0%. On a rolling 12-month basis, sales and use tax based on economic activity increased by 11.9% compared to the previous 12 months.

The city also completes tax compliance audits which may result in additional revenue. This revenue relates to prior periods and is not reflective of current economic activity. Including audit revenue, total sales and use tax increased from YTD May 2021 by \$7,781,906 or 13.5%. On a rolling 12-month basis, total sales and use tax increased by 11.6% compared to the previous 12 months.

Sales Tax

YTD May 2022 sales tax (including audit revenue and the additional 3.5% recreational marijuana tax) increased by \$7,914,417 (or 18.0%) when compared to YTD May 2021. This increase results in a compound annual growth rate of 6.7% compared to 2019. The chart below illustrates the trend in sales tax revenue over the past four years. Much of this growth in sales tax is attributable to the adoption of the Marketplace Facilitator ordinance in October 2020, which resulted in over \$3.5 million of new revenue in 2021. Price inflation in consumer goods and groceries is undoubtably contributing to a share of the 6.7% annualized growth rate, but as discussed below, the large contributors include recovery in eating places, and large institutional sellers in the computer related business sector and biopharma.

Sales tax for most retail sectors are showing continued, albeit slowing growth: Apparel Stores increased 24.1%, Consumer Electronics increased 9.0%, and Automotive Trade increased 6.8%, and General Retail increased 9.7%. Eating places continue to show strong signs of recovery, increasing 31.5%. Computer Related Business Sector, which include large institutional sellers increased 64.9%, and All Other, which contains Biopharmaceutical businesses, increased 65.2%

Other Taxes

Hotel and Motel recovery surpassed Short Term Rentals again in May: Short-Term Rental tax increased 26.3%, while Accommodations Tax increased by 104.8%. Food Service Tax revenues improved by 34.0% reflecting the recovery in eating places. Sugar Sweetened Beverage tax increased 12.8%, and Admissions Tax improved by 218.4%. Recreational Marijuana excise tax declined by 15.5% and the additional 3.5% tax on Recreational Marijuana declined by 24.5%. As shown in Table 9, this appears to be a return to pre-pandemic levels and is consistent with statewide trends.

Chart 1: YTD Sales and Use Tax by Fund

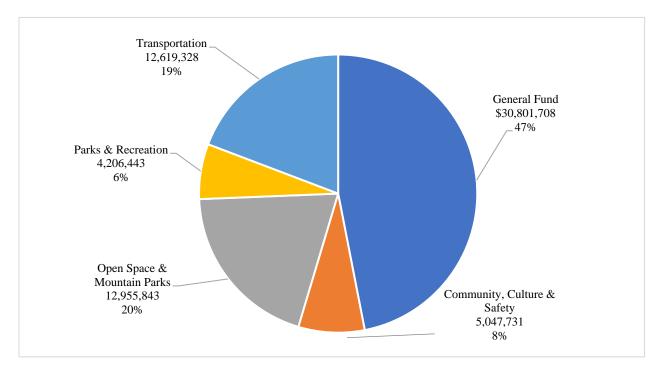

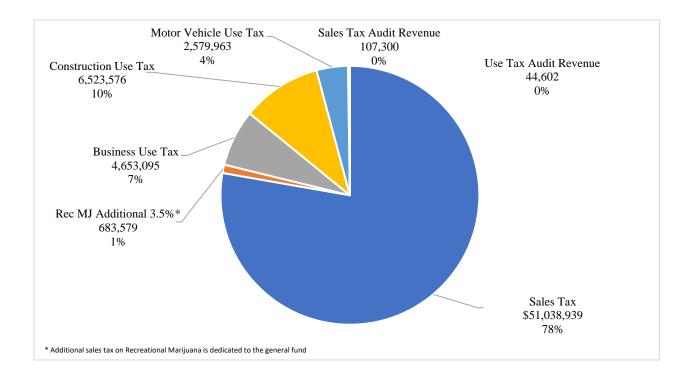

Chart 2: YTD Sales & Use Tax by Type

Retail Sales Tax

- Retail sales tax including Recreational Marijuana additional sales tax and sales tax audit revenue comprises approximately 79% of total sales and use tax revenue for the period.
- Because there is strong seasonality to retail sales tax revenue, it is useful to compare same month-over-month revenue changes. May 2022 retail sales tax revenue was **up 15.0%** compared to May 2021 revenue (including audit revenue and the additional recreational marijuana sales tax).

Chart 3: Month-Over-Month Change in Retail Taxable Sales

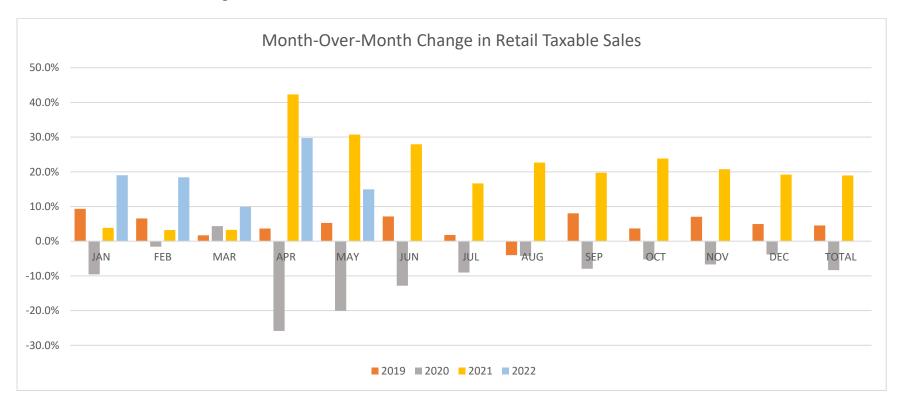

Chart 4: Sales Tax by Industry

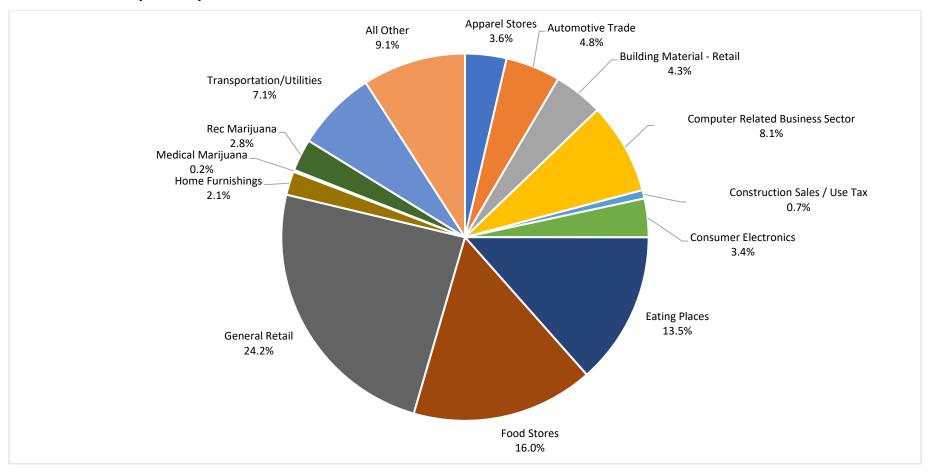

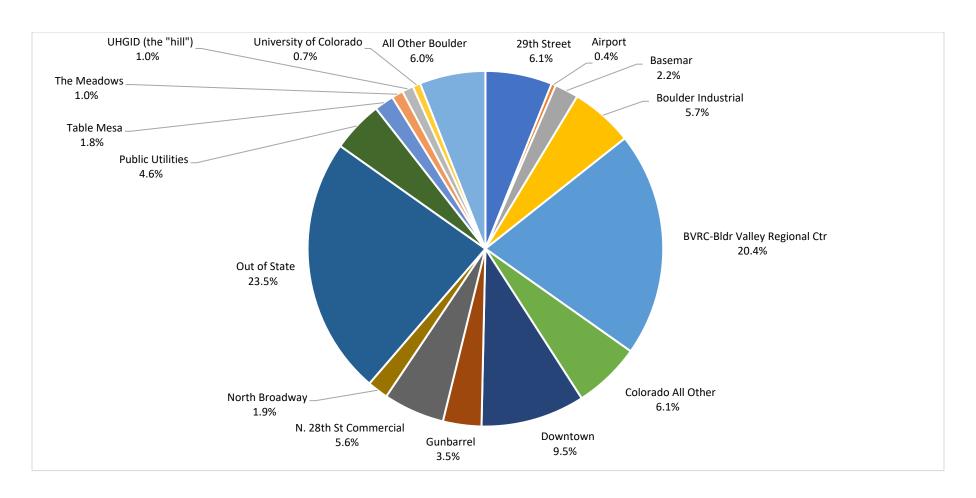

Chart 5: Sales Tax by Geographic Area¹

¹ Some geographic sub-areas have been combined, see Exhibit 2 for sub-area breakdowns.

Chart 6: Industry Trends - YTD Retail Sales Tax

The chart below highlights the three-highest grossing industries. Combined these three industries generate over half of total retail sales tax revenue for the period.

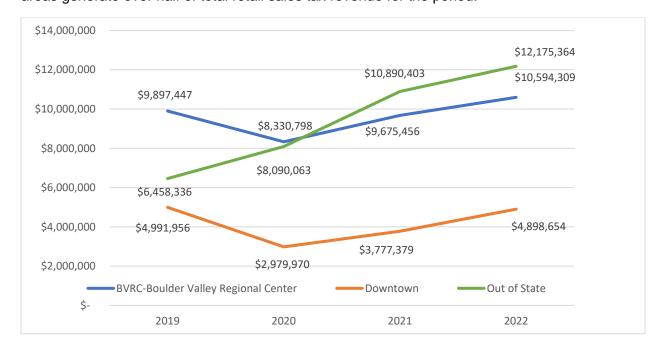

Notes: Totals may not tie to exhibits due to rounding.

Industry groups were updated for several taxpayers during conversion to the new sales tax system in 2020. Prior periods have been adjusted to provide a consistent comparison. The prior year numbers in this report may not tie to prior publications.

Chart 7: Geographic Area Trends - YTD Retail Sales Tax

The chart below highlights the three-highest grossing geographic areas. Combined these three areas generate over half of total retail sales tax revenue for the period.

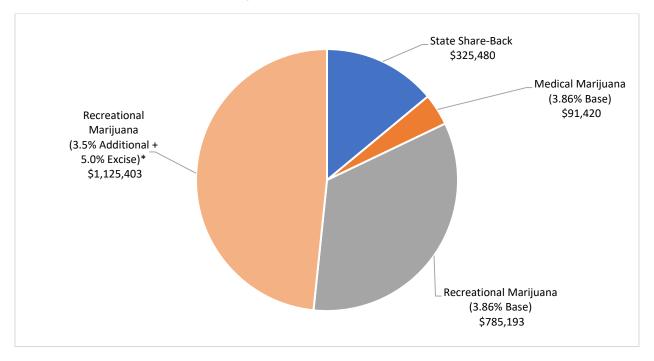

Notes: Downtown includes Pearl Street Mall, Downtown, Downtown Extension, and East Downtown Totals may not tie to exhibits due to rounding.

Marijuana Tax Revenues

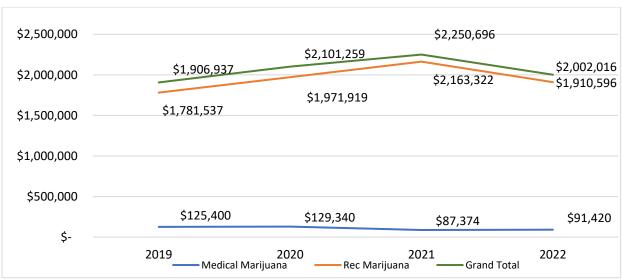

The City of Boulder collects revenue from the sale of both medical and recreational marijuana. The city collects the base 3.86% sales and use tax on medical and recreational marijuana. The city also collects an additional 3.50% sales and use tax on recreational marijuana, and a 5.0% excise tax when marijuana is transferred from a cultivation facility to a dispensary, testing facility or facility that produces marijuana infused products. In addition, the city receives a revenue share back from state recreational marijuana taxes, which is reflected in Chart 8 below.

Chart 8: Distribution of YTD Marijuana Revenues

^{*}Dedicated to the General Fund.

Chart 9: Historical Trends for YTD Marijuana Revenues²

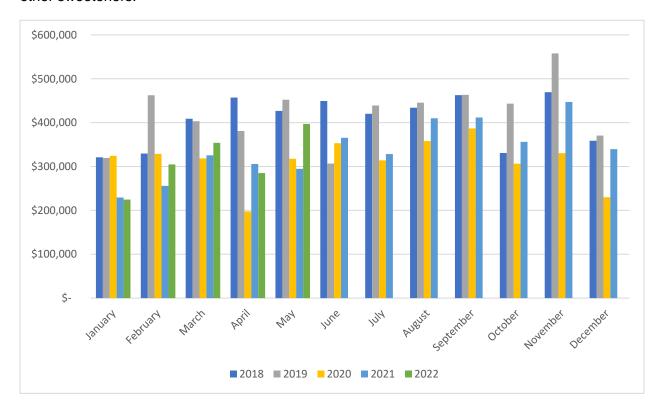

8

Rec Marijuana excludes state share back payments. Note: Totals may not tie to exhibits due to rounding.

Sugar Sweetened Beverage Tax Revenue

The Sugar Sweetened Beverage Product Distribution Tax is a voter-initiated tax that was adopted by Boulder voters in the November 2016 election and went into effect on July 1, 2017. It places a 2 cent per ounce excise tax on the distribution of beverages with added sugar and other sweeteners.

Note: October 2018 Sugar-Sweetened Beverage Revenue is lower than average due to several accounts that did not file and pay taxes. These collections were recorded in February 2019 and are reflected in the chart above. June 2018 is lower due to several accounts that were paid late (in July). November 2019 is higher than average due to the posting of an audit of a large taxpayer.

City Tax Descriptions

Accommodations Tax

This tax is charged for the leasing or renting of any room, hotel/motel room, or other public accommodation located in the city and used for overnight lodging purposes (for less than a 30-night stay). The current accommodations tax rate is 7.5%.

Admissions Tax

This tax is charged for admission to an event such as concerts, nightclubs, and theatres. The tax rate for admission to an event is 5.0% of the price of the ticket or admission. Any admission fee paid or charged to participate in a racing event which includes running, walking, biking, or swimming is exempt from this tax.

Business Use Tax

Use tax applies to all furniture, fixtures, equipment, supplies, and materials purchased for use by your business that are nor for resale. If a person or business hasn't paid the proper city sales tax to the vendor on a taxable purchase, they must report use tax directly to the city. The current City of Boulder use tax rate is 3.86%.

Construction Use Tax

Construction Use Tax is paid at the time of a building permit application and is based upon 50% of the valuation of the project. If the project valuation is more than \$75,000, after the project is complete the contractor is required to file a reconciliation return to determine whether additional tax is due, or a refund is due based upon the actual value of taxable personal property and services included in project. This tax is therefore dependent upon the number and value of construction projects permitted in a year and can vary significantly year to year, and because it is collected at the time of permitting the revenue is in advance of visible construction activity. The current construction use tax rate is 3.86%.

Disposable Bag Fee

The city requires a 10-cent fee for disposable plastic and paper checkout bags at all grocery stores in Boulder. The bag fee does not apply to restaurants, bulk or produce bags, newspaper bags, or any other kind of food packaging bags.

Electronic Smoking Device Tax

This additional tax of 40% is applied to sales of Electronic Smoking Devices (ESDs), including any refill, cartridge or any other ESD component intended to simulate smoking in the delivery of nicotine or any other substance, even if marketed as nicotine-free, through inhalation from the product. This tax is in addition to the city's 3.86% sales tax on the sale of ESDs.

Food Service Tax

This tax is applied to food and beverage prepared and served by food service establishments. The food service tax of 0.15% is added to the current sales tax rate of 3.86% resulting in a total tax rate of 4.01%. This tax is not applied to food purchased for home consumption from grocery/convenience stores.

Marijuana Taxes

The city's 3.86% sales tax applies to the sale of both medical and recreational marijuana. In addition, the city has a 3.5% additional recreational marijuana tax and 5.0% excise tax on the transfer of marijuana from a recreational marijuana cultivation facility to a marijuana infused product facility, testing facility or recreational marijuana store. In addition, the city receives a revenue share back from state recreational marijuana taxes.

Motor Vehicle Use Tax

If sales tax is not paid at the time of purchasing a vehicle, a Motor Vehicle Use Tax is due at the time a vehicle is registered or titled to an address within the city. The current use tax rate is 3.86%.

Short Term Rental Tax

This tax is charged for leasing or renting properties by Boulder homeowners for less than 30 days at a time. The current short-term rental tax rate is 7.5%.

Sugar Sweetened Beverage Product Distribution Tax

The Sugar Sweetened Beverage Product Distribution Tax is a voter-initiated tax that was adopted by Boulder voters in the November 2016 election. It places a 2-cent per ounce excise tax on the distribution of beverages with added sugar and other sweeteners. Revenue will be spent on health promotion, general wellness programs and chronic disease prevention that improve health equity, and other health programs (especially for residents with low income and those most affected by chronic disease) linked to sugary drink consumption.

Trash Tax

The trash tax is an occupation tax on trash haulers serving customers within the city limits and helps fund waste reduction efforts in Boulder. Most haulers pass the tax on to customers as part of their trash service bills. Boulder also has a waste hauling ordinance that applies to all haulers. The current trash tax rates are \$3.50 per month for households and \$0.85 per cubic yard of trash for businesses and multifamily units that use centralized dumpsters.
