

# Broadway Reconstruction: Violet to US36

Board 8

## Next Steps and How to Stay Updated

### January 2020 - Fall 2020

- Complete engineering and obtain project clearances, approvals and permits
- Complete plans and specifications and advertise for contractor bidding
- Process an amendment to the North Boulder Subcommunity Plan cross section for Broadway, to include the additional multi-use path facility identified for the west side of Broadway from Violet Avenue to US 36, as well as modifications to the on-street bike lanes.
- Begin construction

### Fall 2020 - End of 2021/Early 2022

- Approximately 15-18 month construction period

### Project Webpage:

- <https://bouldercolorado.gov/transportation/north-broadway> - you can also sign up for the email group to receive periodic updates
- During construction go to [www.boulderconezones.net](http://www.boulderconezones.net) for up-to-date construction traffic impact information

## NORTH BOULDER SUBCOMMUNITY PLAN

adopted 1995  
amended 1996 and 1997

◆ **Broadway in the commercial area** . A more detailed streetscape plan for Broadway will be developed as one of the first implementation phases of the Plan. Check with the Planning Department for more information.

It is desired to update the Broadway cross section in the adopted N. Boulder Subcommunity Plan in order to provide consistency with that plan and the following related items:

- Conform to planned 2020 improvements to Broadway (from Violet to US36)
- Conform to the adopted City Transportation Master Plan (TMP), and the Low Stress Walk and Bike Network Plan that is a part of the TMP
- Integrate current City standards related to minimum sidewalk widths etc.

*See following board (Board 9) for detailed proposed cross section updates*
